WNC BRIDGE FOUNDATION IS COMMITTED TO THE PEOPLE OF WESTERN NORTH CAROLINA

Our focus is on meeting the health challenges that face our region. We believe a crucial component of our mission is to ensure our communities have exceptional healthcare workers, which is why we are honored to provide \$1,000 scholarships to deserving high school seniors in the 18 counties of Western North Carolina.

Scholarships are awarded to students who are pursuing health-related occupations and have been identified as having the potential to make a significant impact in the healthcare field. Join us in congratulating these outstanding graduates.
